

Atlantic Therapeutics is a growing organisation with an exciting product that changes people's lives. We are building a team of people with the belief, passion and expertise to make our business a success and positively influence our customers quality of life. Our vision is to enable millions of people each year to restore their pelvic floor, and thereby restore their control, confidence and active lifestyle.

Job Title **Logistics Coordinator**

What's important:

- Logistics experience in both Warehousing and Freight.
- IT Systems experience.
- Ability to see the big picture.
- Solution focused with excellent problem solving skills.
- Adaptability with the ability to perform well under pressure.
- Focused on continuous improvement.
- Proficiency in project management.

The day to day:

- Manage the outsourced warehouse operations (including Rental) in Europe & the US and the inbound and outbound customer fulfilment Partners.
- Use data analysis, metric management and training to manage the performance of logistics partners and implement improvements
- Liaise and negotiate with suppliers to deliver continuous cost improvement.
- Direct, optimise and coordinate full order cycle, including inbound freight, warehouse processes and outbound fulfilment.
- Keep track of quality, quantity, stock levels, delivery times, transport costs, productivity, accuracy and timeliness and efficiency through KPIs and QBRs with warehouse and freight providers.
- Resolve any problems or complaints
- Comply with laws, regulations and ISO requirements including release of Work Instructions, Procedures, etc through AT's QMS.
- Support global operations-oriented projects such as new product introductions, new systems, tools or processes. Work collaboratively within wider teams and communicate status, actions and aims to the region as per the requirements of the project.
- Provide the Outsourced Partners with Monthly / Quarterly sales forecasts across all markets to facilitate their capacity planning.
- Support VP of Trade Sales & Global Sales Teams, raising all required PO's and ensuring suppliers are set up correctly and paid on time.

Where you've come from:

- You will have a Degree in a Business or related qualification, qualifications in Logistics are beneficial, plus approximately three years plus experience in a Logistics role.
